Schedule of college is very tiresome for particularly freshers because we are sleepy in most of our classes & we are not habituated to 8am-3:30pm timings. The canteen also does not sell coffee to lift off the sleepiness effect caused due to lack of energy FROM HUNGER. Canteen does sells a very diluted tea(20%) + water(80%) & I am not a tea person so drinking tea won't give me the same effect as coffee does. 3. Observation. College promotes only educational development. Emphasis on physical & character development is very poor.

Every teacher should reach those students who gets less marks. As there are many students who are introverts, they usually don't come up with their problems, neither they interact. 2. There should be not any "priority factors". Usually there are teachers who give more interest to the toppers or the ones who are not that introvert types but kind of "free to have a conversation" with the teachers. 3. I strongly believe the fact that, in our college, there is no partiality, being practiced on the basis of marks. Teachers give us scores what we deserve. But as this is a private institute, we expect more self help guidance, notes, etc etc. As not everything is always available in Google, I won't deny the fact that there are teachers who does a lot of help, with all the necessary materials we need, but there are teachers as well, who don't. I hope, my observations would be helpful. No grudges for any teacher from my side, personally.
